Position Title: Web Application Developer

Position #: 00100456

Salary: $56,000 + per year /Full-time/Benefited

Location: Grand Forks, ND

Closing Date: Open until filled. Screening to begin on July 1, 2013

Description: The Web Application Developer will maintain the web interfaces for the ALEPH and other ODIN library systems. This includes the public interface to the library system, the staff interface to the reserve module, the ODIN staff support and public access web sites/applications. The position will assist as needed in work on xml forms for the library system modules and will be responsible for integrating library system with other applications. This position will also create and maintain web database interfaces for reporting tools for library data and for the maintenance of access control for state wide licensed databases. Limited travel may be required throughout North Dakota.

Minimum Qualifications:
- Associate’s Degree in Library science, math/computer science or field relevant to the support of research in a higher education environment.
- Minimum 2 years of experience in web based application software development in a unix environment.
- Proficient with the following: Javascript, SQL, PHP, HTML, XML, RSS
- Demonstrated experience setting up, developing or supporting a web Content Management System (CMS).
- Demonstrated development expertise in the Linux, Apache HTTP Server, MySQL and PHP environment.
- Good written and oral English language skills with experience writing technical and user documentation.

Preferred Qualifications:
- Experience supporting applications in a higher education research environment.
- Proficient in: Shell scripting (bash/ksh/csh), SSH/SCP/SFTP, etc.
- Experience with Oracle
- Web development or web integration experience.

To Apply: Applicants should send a cover letter specifically addressing the advertised qualifications, a current resume, a transcript (if the position requires a degree), and the names and contact information (including telephone numbers and e-mail address) for three professional references, either electronically (preferred) to jane.grinde@ndus.edu or by mail to
