## DEFINITIONS

### **AUDIO:**

**ONE-WAY AUDIO** – An audio communication from the instructor to the student where the student cannot provide an audio response (e.g. radio, audiotape).

**TWO-WAY AUDIO** – A conference, most frequently used over the telephone between two or more remote locations with live, audio transmission.

**CENSUS DATA** – Each campus shall report fall and spring semester enrollments for degree credit students based on the number of students enrolled on the twentieth scheduled class day of the fall and spring semesters.

**CD ROM** – Communications using a compact disc with read-only-memory.

**COMBO** – A combination of any of the delivery methods with no one method providing 50% or more of instruction.

**CORRESPONDENCE** – An independent study course in which all communications between the instructor and student is accomplished through the mail or fax. Instruction is given by means of a course syllabus, textbooks, video and audio cassette, and additional reference and instructional materials.

**CREDIT HOUR** – The unit by which an institution measures its course work for application towards a degree. Historically, each credit hour involves 15 or 16 fifty-minute periods of instruction per semester, or the equivalent.

**DEGREE CREDIT** – All instructional activities that can be applied toward college degree or credit based remedial courses taken by a degree seeking student as reported to IPEDS.

**DUPLICATED COUNT** – An enrollment count in which an individual student may be counted more than once because they are enrolled in more than one medium (e.g. face to face, correspondence, IVN) or on more than one campus.

**E-LEARNING** – Courses delivered through a technological medium. This category includes audio, video, cd rom and internet delivery of courses and excludes correspondence and face to face off campus.

**ENROLLED STUDENTS** – SBHE Policy 440 defines enrolled students as students who are registered for classes as of the 15<sup>th</sup> day of the term. SBHE Policy 830.1 requires all registered students to have paid tuition and fees or made arrangements to pay no later than the 12<sup>th</sup> day of the term.

**FACE-TO-FACE** – This term is used to describe the traditional classroom environment where the instructor and students are physically located in the same place.

**FACE-TO-FACE OFF CAMPUS** – Describes the traditional classroom setting where the instructor and students are physically located in the same place in an off campus location.

**CAMPUS HEADCOUNT ENROLLMENT** – Number of students enrolled at the institution following the twentieth day of classes of the term. Each student equals one headcount, regardless of credit hours taken.

**FULL-TIME ENROLLMENTS** – Number of headcount students enrolled at the institution following the fifteenth day of classes of the term who are taking twelve or more credit hours.

**FULL-TIME EQUIVALENT ENROLLMENT BASED ON STUDENT CREDIT HOURS** – The total accumulative student credit hours by campus divided by the following:

Undergraduate	15 credit hours (100-400 number courses)
Graduate	12 credit hours (500 and above number courses)
Professional	Same as headcount — Law and Medicine
Occupational	16 credit hours – Selected Programs

**FULL-TIME EQUIVALENT ENROLLMENT OF PART-TIME STUDENTS** – The student credit hours accumulated at the undergraduate level divided by 15 plus the student credit hours accumulated at the graduate level divided by 12.

**PART-TIME STUDENTS** – The headcount enrollment of students enrolled for fewer than 12 credit hours.

**INTERACTIVE VIDEO NETWORK (IVN)** – A video conferencing network that provides two-way audio and two-way video allowing the teacher and students to be in different locations yet see and hear each other.

**INTERNET:**

**ONLINE** – Courses, discussions, or other communications occurring in an electronic format via the Internet.

**ASYNCHRONOUS INTERNET** – Online interaction occurring independent of time or location, e.g. email.

**SYNCHRONOUS INTERNET** – Online interaction occurring independent of location, but at the same time (real time), e.g. internet chat.

**PRERECORDED VIDEO OR AUDIO** – A video or audio communications that has been prerecorded on videotape or cassette. Recordings often complement other teaching methods, and content may be ongoing class sessions or specially produced for independent study.

**STUDENT** – All students taking degree credit courses, irrespective of the time of day or workload of the student.

**BEGINNING FRESHMAN STUDENT** – A full-time or part-time student attending any institution for the first time as a freshman. Because part-time students are included, this number is not the same as the IPEDS first-time full-time count.

**COLLABORATIVE STUDENT** – A student who enrolls in a course at an NDUS institution other than their home institution.

**DUAL CREDIT STUDENT** – A high school student who enrolls in college classes and also earns high school credit.

**FIRST-TIME FRESHMAN STUDENT** – A student attending any institution full-time for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs. Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). This is a specific group (or cohort) established for tracking purposes and reported to IPEDS.

**GRADUATE STUDENT** – A students who holds a bachelor's or first professional degree, or equivalent, and is enrolled in a graduate degree program.

**NON-RESIDENT STUDENT** – A nonresident student, for the purposes of this report, is a student with a legal domicile outside of North Dakota.

**PROFESSIONAL STUDENT** – A student who has completed a baccalaureate degree and is enrolled in a post-baccalaureate program leading to a professional degree in law, medicine or pharmacy. (Note: IPEDS and the SBHE Policy recognize pharmacy as a first professional program. ConnectND is being adjusted to report pharmacy students as professional students.)

**RESIDENT STUDENT** – A resident student, for the purposes of this report, is a student having legal domicile in North Dakota.

**SPECIAL/UNCLASSIFIED STUDENT** – A student taking undergraduate or post-baccalaureate level credit courses without declaring an intention to earn a degree, diploma, or certificate although taking courses in regular classes with other students. This category also includes students who cannot be classified by academic level. High school students enrolled in college classes are considered a special/unclassified student.

**TRANSFER STUDENT** – A student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level, e.g. undergraduate, graduate). The student may transfer with or without credit.

**TRI-COLLEGE STUDENT** – A student enrolled at Moorhead State University or Concordia College but also registered for one or more courses at NDSU.

**UNDERGRADUATE STUDENT** – A student who is enrolled in an undergraduate program. The year-level designation of an undergraduate student is determined by institutional policy.

**STUDENTS' REPORTED HOME ADDRESS** – The official home address as reported by the student. If no address is reported, the parents' address and then the local campus address is used.

**SYSTEM HEADCOUNT** – Number of students enrolled in the NDUS, who are enrolled at more than one campus, following the twentieth day of classes in the term.

**TUITION RESIDENCY STATUS** – Official institutionally determined residence for tuition purposes.

**TV BROADCAST** – Communication using the capabilities of educational television broadcasting over established cable networks or otherwise. Programs can be viewed live or prerecorded for a later pre-determined time for viewing.

**LIVE** – Faculty and students are in different locations at the same time. Only faculty member will be seen by the student, e.g. educational television network.

**PRERECORDED** – Faculty and students are in separate locations at different times. A course on the educational television network may be prerecorded for later pre-determined times of viewing.

## **VIDEO**

**ONE-WAY VIDEO** – A conference between different locations where the communication links are made between orbiting satellites and various points on Earth. The video connection only allows for the faculty member to be seen and heard by the students.

**TWO-WAY VIDEO** – A video and audio communications session between two or more remote sites with live, animated image transmission and display. This connection allows for both the faculty and students to be seen and heard by each other.

**UNDUPLICATED COUNTS** – Students taking courses at more than one campus or through more than one instructional medium in the same semester are counted once.

## INSTITUTIONAL ABBREVIATIONS

## Annual Enrollment Summary

The North Dakota University System Annual Enrollment Report is an attempt to report a single, system wide, unduplicated count by combining credit, non-degree credit, and non-credit enrollments for an entire year. The academic year being reported is the Summer 2009, Fall 2009 and Spring 2010 semesters.

Included in this report is information on enrollments in programs based on three categories: degree credit, non-degree credit and non-credit programs. Degree credit enrollments occur when students are enrolled in instructional activities typically applied toward a college degree or credit based remedial courses taken by degree seeking students (e.g. English 110, Math 102). Non-degree credit enrollments are credit courses taken through continuing education for personal development such as workshops or seminars that do not typically apply toward a degree. Non-credit enrollments are instructional activities which do not apply toward a degree such as many workforce training activities.

In addition to course enrollments, this report further breaks down enrollments by delivery method – traditional or distance education. Of those students participating by distance education, we also report enrollments by different delivery methods.

The following tables summarize enrollment by category and by delivery method within each category. The report summary has combined and then unduplicated enrollment when students have provided sufficient identification information in all three categories. Because there is insufficient information to uniquely identify some students, the unduplicated total does not include 4,583 degree credit, 117 non-degree credit, and 16,866 non-credit enrollments with insufficient I.D. information.

Unlike the other tables in this report, which contain information on enrollments, the final table in the report provides information on non-credit registrations. Since most non-credit activities operate on the self-supporting basis of adequate registrations, information on registrations rather than enrollments is provided.

Duplicated Campus Totals	50,650	1,724	12,018	64,392
NDUS Students Taking Classes at More Than One Campus	2,326	2	56	2,384
Unduplicated NDUS Total	48,324	1,722	11,962	62,008
Annual Unduplicated NDUS Total				59,849 <sup>4</sup>

<sup>1</sup> A total of 50,650 degree-credit students provided social security numbers when enrolling at NDUS institutions. An additional 4,583 registrants did not provide social security numbers and are not included in these calculations. Of the 50,650 enrollments, 2,326 students were simultaneously taking classes at more than one institution, resulting in a total of 48,324 system unduplicated headcount enrollments.

<sup>2</sup> A total of 1,724 non-degree credit students provided social security numbers when enrolling at NDUS institutions. An additional 117 registrants did not provide social security numbers and are not included in these calculations. Of the 1,724 enrollments, 2 students were simultaneously taking classes at more than one institution, resulting in a total of 1,722 system unduplicated headcount enrollments.

<sup>3</sup> A total of 12,018 non-credit students provided social security numbers when enrolling at NDUS institutions. An additional 16,866 registrants did not provide social security numbers and are not included in these calculations. Of the 12,018 enrollments, 56 students were simultaneously taking classes at more than one institution, resulting in a total of 11,962 system unduplicated headcount enrollments.

<sup>4</sup> Includes only students providing a social security number for definite identification. The actual number of unduplicated students served is between 59,849 and 81,415 (59,849 + 4,583<sup>1</sup> + 117<sup>2</sup> + 16,866<sup>3</sup>).

<sup>1</sup> Internet based categories are listed in more detail on Table 1A.

<sup>2</sup> Reflects enrollments in each distance education delivery method. If, for example, a student is taking both a correspondence course and an internet based course, this same student would be counted twice in the duplicated enrollment total.

<sup>3</sup> Reflects DE unduplicated headcount enrollment for total distance education. If, for example, a student is taking both a correspondence and internet based course, this student would be counted only once in the unduplicated distance education total.

<sup>4</sup> E & F are each individually unduplicated. However, when added together the total represents some students counted twice.

<sup>5</sup> This is a conservative count of students known to be counted only once by a campus or the system for the system total. The actual unduplicated degree credit headcounts are probably higher for campuses with students with insufficient identification information. Every student with insufficient identification information is assumed to be a duplicate enrollment at the system level and is therefore not counted in the system total. Across the NDUS, 4,583 students provided insufficient identification information to determine if they were duplicate degree credit enrollments in the distance education and on campus system unduplicated totals.

<sup>1</sup>Internet based categories are listed in more detail on Table 3A

<sup>2</sup> Reflects enrollments in each distance education delivery method. If, for example, a student is taking both a correspondence course and an internet based course, this same student would be counted twice in the duplicated enrollment total.

<sup>3</sup> Reflects unduplicated headcount enrollment for total distance education. If, for example, a student is taking both a correspondence and internet based course, this student would be counted only once in the unduplicated distance education total.

<sup>4</sup> E & F are each individually unduplicated. However, together they are duplicated.

<sup>5</sup> A total of 12,018 non-credit students provided social security numbers when enrolling at NDUS institutions. An additional 16,866 registrants did not provide social security numbers and are not included in these calculations. Of the 12,018 enrollments, 56 students were simultaneously taking classes at more than one institution, resulting in a total of 11,962 system unduplicated headcount enrollments.

<sup>1</sup> Reflects registrations in each distance education delivery method. If, for example, a student is taking both a correspondence course and an internet based course, this same student would be reported twice in the duplicated enrollment total.

NOTE: This table reports all non-credit registrations. Other tables in this report present information on headcount enrollments, some of which may include multiple registrations for individual students.
